I believe a general revision of the rates of travelling allowances admissible to the offieers of all departments of the State is under contemplation. This, however, need not delay the disposal of the present reference which may be dealt with on its own merits.

2. Col: Grant gets a consolidated salary and is not affected in any way by the allowance prescribed for "Superintendent, Revenue Survey" in Appendix IV of the Service Regulations. It is possible that in the near future, we may have to deal with his successor appoint--ed under different conditions and to whom an allow-ance may have to be attached. This part of the said Appendix may therefore be left alone.

3. The Deputy Superintendent, in the days Commission, used to get a monthly fixed allowance of Rs. 100/-. For various reasons, and chiefly owing to the employment of native officers on reduced pay, that allowance was, some years back, reduced to Rs. 60/-. This reduction has never been complained of till now, and I do not see why we should now take up the ques-tion and order an increase. The Deputy Superintendent ranks with a Deputy Commissioner whose daily travel-ling allowance is Rs. 5. He is not much of a touring officer and his fixed allowance of Rs. 60 a month all the year round would not compare unfavorably with the daily allowance earned by a Deputy Commissioner unless he travels more than 144 days in the year which, I believe, is seldom the case.

4. The Assistant Superintendents in charge of Esta-blishments seem to have some grievance. They get Rs.

Rs. 30 a month all the year round and they are expected to be out for 8 months in the year. Unlike Assistant Commissioners, however, their work does not require constant travelling. In other words, they spend weeks together at selected stations in the proximity of the scene of their operations. Their 8 months' camp life may thus be considered as not more expensive than 4 months of an Assistant Commissioner's constant itineration. The latter would on account of such travelling get Rs. 480 (30×4×4) whereas the former under the rates now obtaining gets Rs. 360 (30×12). Rs. 45/- a month would remove this inequality of treatment. For in that case, Assistant Superintendents of Survey would get Rs. 540 which would not only assimilate their daily batta to that of Assistant Commissioners but also make up for their ineligibility to draw mileage for expeditious journeys by road and for journeys by railway both of which must necessarily be few and far between.

5. My opinion in short is that the only change required is the increase of the fixed allowance of an Assistant Superintendent in charge of an Establishment from Rs. 30 to Rs 45.

6. The rates would then stand as follows:

Superintendent,	150/-
Deputy Superintendent and Special Assistant Superintendent	60/-
Assistant Superintendent in charge of an Establishment,	45/-
Other Assistant Superintendents and Probationers,	30/-.

Paper under disposal

Col. Grant recommends the increase of the Deputy Superintendent's fixed travelling allowance from ₹60/- to ₹100/- per month and that of Assistant Superintendents from ₹30/- to ₹60/-, the latter recommendation having once before been made by him in 1895. These allowances were fixed about thirty years ago and since then, the prices of food grains have increased and other expenses also incidental to camp life. The operations cover a far greater area now than before, and it is but fair to recoup the travelling expenses incurred by these officers. Col.Grant's recommendation may be accepted with the modifications proposed by the Council. The Deputy Superintendent may be given ₹100/- per month, while in camp, and ₹60/- while at Head Quarters. Similarly, the Assistant Superintendents in charge of establishments may be given ₹60/- and ₹30/- respectively. These rates are calculated to meet the charges which they are likely to incur. No change is needed in the rates allowed to Special Assistant and Probationers.

From

Colonel J. P. Grant,
Survey Commissioner
in Mysore /

To

L. Anantaswami Rao Esqr.
Offg. Secretary to Govt.
General & Revenue Depts.

Sir,

I have the honor to bring to the notice of Government that Since Re-Survey operations have commenced the nature of the work entails upon Survey Officers generally an amount of travelling, and consequently expenses, far greater than was the case in regard to original Survey. The reason of course is that operations cover a far greater area and, in the case of officers in charge of Field Establishments, the establishments are on a large

considerations involved in the extended area of operation: An officer incharge of a field Establishment, Classing or Measuring, has to keep up a pretty large camp as he is generally away from Head Quarters for 8 months at a Stretch Setting aside the unfavourable position in the matter of allowances for travelling which an officer like Mr. Rajagopa-lacharlu occupies in comparision with an Assistant Commissioner in the Revenue Department, which I am Sure Government would not wish to see continued; and going entirely upon what I know must be the expenditure of a Survey Officer who keeps up a Suitable camp, as I know all those employed in this Depart-ment do, I consider that the very lowest figure at which the permanent travelling allowance of officers in independent charge of Field Establishments should be

ed is Rs 60 per mensem. The touring
Allowance of Inspectresses is only Rs 30
Rs 30.

The permanent travelling allow-
ce of the Deputy Superintendent
Rs 60 although set down as an offset
of the Upper Scale Regulation
Rs 100. In the Civil List Mr. D
Thomas Rao appears as holding
he Status of a Civil Service Officer.
y Government Memo No. 12,285
ated 29th November 1902 this Status
to be regarded as equivalent to
hat of a Deputy Commissioner
I think that the Deputy Superin-
tendents permanent travelling
Allowance should be fixed at, at
least, Rs 100 per mensem.

As regards my own travelling

the whole of my pay is distinctly treated as Salary. At appendix IV of the Mysore Service Regulations the permanent travelling allowance of the appointment is put down at Rs 150 per mensem I of course never claimed travelling allowance because I knew that the Government of the day intended my Salary to include the items of travelling allowance and tentage. The anomaly should I think be set right.

6. I beg to Strongly recommend that the rates of permanent travelling allowance at appendix IV of the Mysore Service Regulations be revised in the light of the above Suggestions.

In doing so for "Assistant Superintendents Revenue Survey of all grades should be Substituted Assistant Superintendents Revenue Survey
